Fixed prices

Paid discovery Process map, first scenario estimate	**$500** once
Run Hosting, reports, 8 hours of development	**$1,000** /month
Grow No cap on hours	**$2,000** /month

Run: hosting, monitoring, backups, a report after every sprint, up to 8 hours of development. Grow: one stream of changes with no cap on hours, hosting included. The discovery counts in full toward month one. Paid monthly in advance; a quarter ahead — 10% off. Development beyond the package is by estimate. Price and package are known before you sign.

Compare with a full-time freelancer

Freelancer, full month	**$1,600–16,000**
Palmforge Grow: no cap on hours	**$2,000 a month**

A team, hosting and a report each sprint.

Freelancer: $10–100 an hour, 160 hours a month (Upwork rates, calculated). Palmforge: the Grow price of this deck.

What we do not do today

- ✕ No built-in card payments yet: planned.
- ✕ No ready-made screens: we build to order.
- ✕ Extra hours are not in the price.
