The code is released. Capability inventory, 16 Nov 2026; assistant scenario tested in a test environment on 14 Nov 2026

What we do not do

- ✕ No guarantee of condition.
- ✕ A video decision, not a mechanic’s inspection.
- ✕ We do not sell VIN (chassis number) history.
- ✕ No payments or delivery.

Buyers still visit a mechanic, but now for a car with a video. A VIN field is planned.

Pilot and prices

Pilot: 5 checks, 30 days	0 ₾
After the pilot: 1 check	39 ₾
Pack of 10 checks 30 ₾ each	300 ₾

One reshoot is free. Returned requests cost nothing.
